How it Works

- If these packages aren't suitable to your needs, please contact me for a personalised quote.
- I work on location only, I shoot using natural light.
- Proofs will be placed online 3 weeks after each shoot. From there you can select your 20 images. {you may order more images at an extra cost per image}
- By paying your deposit you accept and agree that any images taken during these shoots can be used in any and all (in the case of a second photographer) photographer/s portfolios for promotional purposes (i.e. Websites, brochures, business cards, etc).
- A deposit of 50% for the Lite packages and 25% for the Full Package is required before your first shoot. Thereafter payment can be made in instalments. Contact me to discuss terms.
- Travel over 100km round-trip is not included in these packages and is charged at R6.00 from my office in Centurion. This covers AA rates and time traveling.
